Sir:

SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT
UNDER 37 C.F.R. § 1.97(c)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicant brings to the attention of the Examiner the documents listed on the attached PTO 1449. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement is accompanied by the appropriate fee.

Copies of the listed documents, including any copending patent applications, are

attached. Applicant has not enclosed a copy of one of the co-pending applications

08/20/2004 GWORDDF1 00000009 09937314

180.00 DP

listed on the PTO 1449. This application has not been assigned an application number, but it has the attorney docket number 05725.0808-02000, was filed on August 16, 2004, and is entitled "Compositions Containing Heteropolymers and Oil-soluble Esters and Methods of Using Same." A copy of this application is not enclosed because it is identical to co-pending U.S. Patent Application No. 09/733,898, which is already of record in this case.

The United States Court of Appeals for the Federal Circuit held in *Dayco Products, Inc. v. Total Containment, Inc.*, 329 F.3d 1358, 66 U.S.P.Q.2d 1801 (Fed. Cir. 2003) that an "adverse decision" by another examiner may meet the materiality standard under the amended Rule 56, and thus, Applicant should disclose prior rejections of "substantially similar claim[s]" to the Office. Accordingly, although Applicant is not representing that the office actions in the co-pending applications are material to the present application and is not admitting that any of the other claims are substantially similar, out of an abundance of caution, Applicant has listed the substantive office actions filed in co-pending applications on the attached PTO 1449 and has enclosed copies of those documents as well.

Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

For each of the documents listed below, Applicant has provided an English language abstract:

1. EP 0 169 997 B1 - An abstract of the disclosure of this document can be found in the English language Derwent Abstract submitted herewith.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Office applies any of the documents as prior art against any claim in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.
